

UIB
SINCE 1992

DIGITAL KNOWLEDGE
FOR DIGITAL ECONOMY

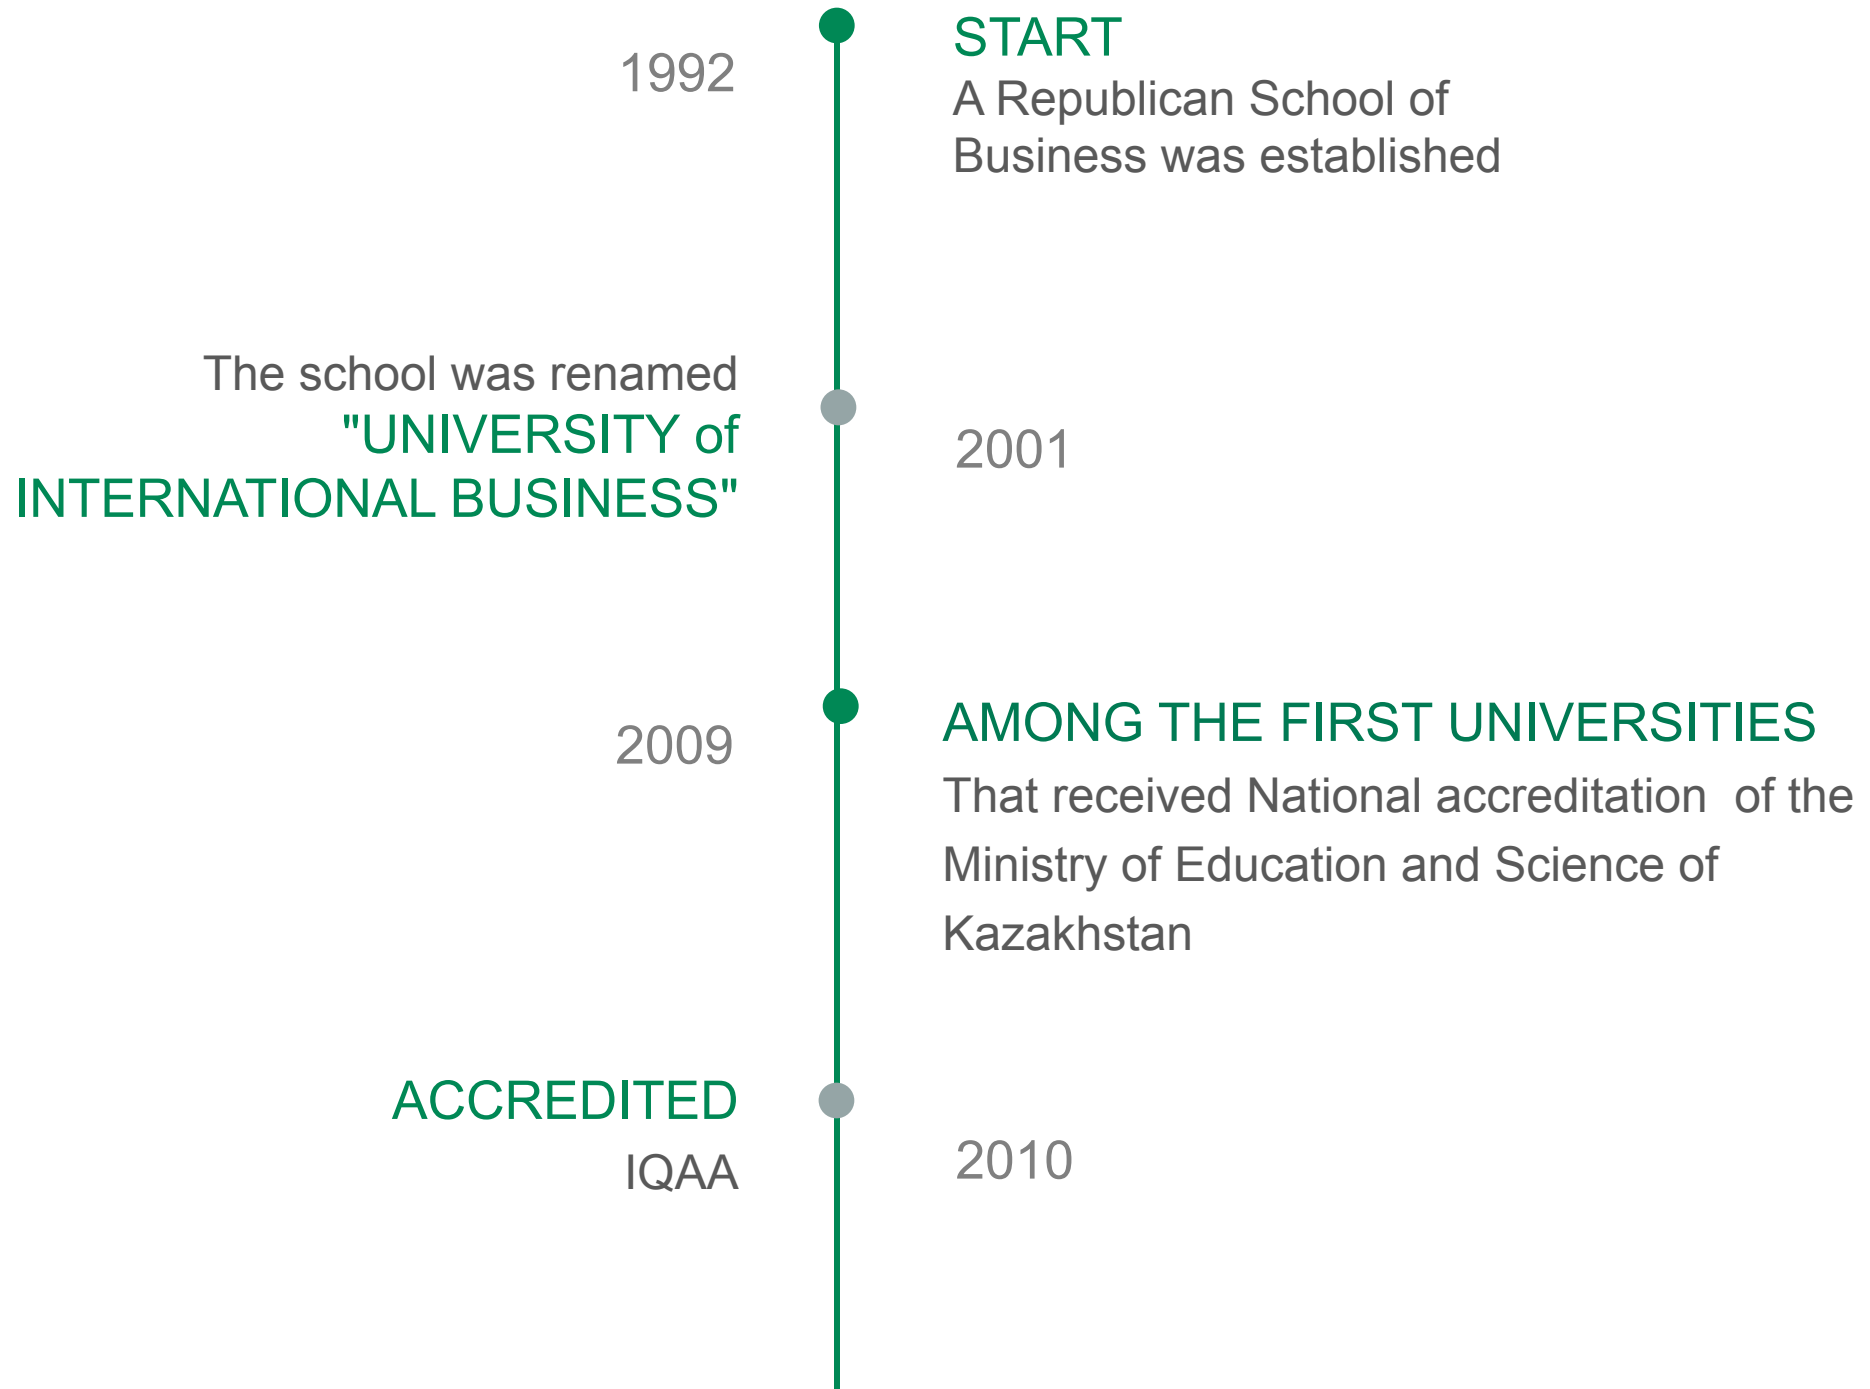

UIB has a high potential of the faculty, a modern material and technical base and famous traditions of student life.

This year we are starting to introduce new innovative pilot education programs developed in partnership with the employers' community and positively evaluated by the labor market. The right choice of the educational program directly influences the increase of the final competitiveness of the graduate with the knowledge and competencies necessary for the market.

The founder of UIB is
Nursultan Nazarbayev Education
Foundation.
